

## OCCUPANT UNWIN SEATBELTS

### 2-point safety belt (Reference 9506)

The casing consists of two reels, the black one is for the ventral support (around the belly) and the red reel is for the option of securing the third point on the shoulder. The reels have a safety brake system.

The two-point ventral belt is for M2 and M3

### Fixing third Point (Reference 9507)

Tape that is hooked in a guide section installed in the upper part on the frame of the window of the vehicle and anchor with a buckle male that is on the belt reel.

The 3-point belt is for M1 in Spain
